Autism Society of America NORTHWEST HOUSTON CHAPTER

The Houston Autism Disability Network provides monthly meetings, special events, and an annual Resource Fair and Conference for the Houston area.

We are individuals, parents, professionals, physicians, educators, advocates, and attorneys who unite together at these events for the common purpose of information and resource sharing, education, and support.

We have monthly meetings in the evening and daytime opportunities to connect.

Please e-mail MichelleMGuppy@yahoo.com to receive a copy of our current meeting schedule and locations!

Autism is a complex developmental disability that typically appears during the first three years of life and affects a person's ability to communicate and interact with others. Autism is defined by a certain set of behaviors and is a "spectrum disorder" that affects individuals differently and to varying degrees. There is no known single cause for autism, but increased awareness and funding can help families today.

Donate to NHC-ASA

Donations are the primary means of financial support for what we are able to do in serving our community.

Your one-time, monthly, or yearly donation helps provide scholarships for educational, advocacy, or medical services to those families who have a child, youth, or adult with an Autism Spectrum Disorder. Your assistance also allows us to bring in speakers to share information with our families who cannot travel to other cities or states for conferences.

We depend on, need, and thank you for your financial support!

The Northwest Houston Chapter of the Autism Society of America is a tax-exempt associate member of the Autism Society of America, and is a current chapter in good standing.
